Independent Auditors' Report

The Board of Directors of
Sunnyside Home Care Project, Inc.
New York, NY

Opinion

We have audited the financial statements of Sunnyside Home Care Project, Inc. (“Home Care”), which comprise the statements of financial position as of June 30, 2025 and 2024, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements (collectively referred to as the “financial statements”).

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Home Care as of June 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities *for the Audit of the Financial Statements* section of our report. We are required to be independent of Home Care and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Home Care’s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors’ Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Home Care's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Home Care's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

SUNNYSIDE HOME CARE PROJECT, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

Sunnyside Home Care Project, Inc. (“Home Care”), a not-for-profit licensed home care service agency, was established to provide personal care services to the elderly and disabled persons who require such services in order to maintain themselves safely at home. Home Care is funded primarily by fees from the City of New York Human Resources Administration (“HRA”) and managed care revenues.

The agency is a not-for-profit organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

The accompanying financial statements were prepared to present the financial position, changes in net assets and cash flows of only Home Care and do not include the financial position, changes in net assets and cash flows of its related organizations: Sunnyside Community Services, Inc. (“Sunnyside”), Sunnyside Citywide Home Care Services, Inc. (“Citywide”) and Sunnyside CDPAP, Inc. (“CDPAP”). Effective January 1, 2019, Citywide began transferring clients to Home Care. All managed care clients were transferred as of March 1, 2020.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. ***Basis of accounting*** - The accompanying financial statements of Home Care have been prepared on the accrual basis of accounting. Home Care adheres to accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- B. ***Basis of presentation*** - Home Care maintains its net assets under the following two classes:
- a. Net assets without donor restrictions – includes funds having no restriction as to use or purpose imposed by donors. It represents resources available for support of Home Care’s operations over which the Board of Directors has discretionary control.
 - b. Net assets with donor restrictions – represents assets that are subject to donor-imposed stipulations. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.
- C. ***Cash and cash equivalents*** - Cash and cash equivalents consist of cash and highly liquid investments with maturity dates, when acquired, of three months or less.
- D. ***Government grants receivable*** - Government grants receivable are recorded for expenditures made in accordance with grant agreements. As of June 30, 2025 and 2024, homecare determined an allowance of \$900,000 was necessary for government grants receivable. Such estimates are based on management’s assessment of the aged basis of its receivables, current economic conditions, and historical information.
- E. ***Allowance for credit losses*** - Home Care determines whether an allowance for credit losses should be provided for accounts receivable. Such estimates are based on management’s assessment of the aged basis of its receivables, current economic conditions, subsequent receipts and historical information. Receivables are written off against the allowance for credit losses when all reasonable collection efforts have been exhausted.

SUNNYSIDE HOME CARE PROJECT, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Home Care calculated the allowance for credit losses for accounts receivable as follows as of June 30:

	2025	2024
Balance, beginning of year	\$ 3,754,839	\$ 2,505,828
Credit losses expenses for the period	1,527,424	1,150,000
Adjustments during the period	-	99,011
Write-offs during period	(2,620,702)	-
Balance, end of year	\$ 2,661,561	\$ 3,754,839

- F. **Property and equipment** - Property and equipment including leasehold improvements are recorded at cost. Items with a cost of \$1,000 and estimated useful life of greater than one year are capitalized. Property and equipment are depreciated on the straight-line method over their estimated useful lives. Amortization of leasehold improvements is recorded on the straight-line method over the term of the lease or the life of the asset, whichever is shorter.
- G. **Advances payable and deferred revenue** - Government grants are recorded as revenues to the extent that expenses have been incurred for the purposes specified by the grantors. To the extent amounts received exceed amounts spent, Home Care establishes refundable advances from governmental sources.
- H. **Revenue from government sources** - Revenues from government contracts are recognized when reimbursable expenses are incurred under the terms of the contract. Such revenues are subject to audit by the governmental funding sources. No provision for disallowances is reflected in the financial statements, since management does not anticipate material adjustments. Laws and regulations related to government programs are subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates may change by a material amount in the near term. Additionally, noncompliance with such laws and regulations could result in penalties and exclusion from the government programs. Cost reimbursement type government grants are accounted for under Accounting Standards Update (“ASU”) 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made* (Topic 958). Grants and contracts are recognized as revenue when barriers within the contract are overcome, and there is no right of return/release from obligation. Government grants and contracts amounted to \$3,521,997 and \$3,396,886 for the years ended June 30, 2025 and 2024, respectively. As of June 30, 2025 and 2024, there were no conditional grants and contracts from government agencies that have not been recorded in the accompanying financial statements.

New York State provides Quality Incentive Vital Access Provider Pool (“QIVAPP”) funding to eligible home care agencies. During the years ended June 30, 2025 and 2024, Home Care received \$3,514,832 and \$2,878,194, respectively, of QIVAPP funds, which are included in government and other grants in the statements of activities, respectively.

- I. **Contract and managed care revenues** - Revenues from care of patients are reported at the estimated net realizable amounts from patients, third-party payors and others from services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Laws and regulations governing health care programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates may change by a material amount in the near term.

SUNNYSIDE HOME CARE PROJECT, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Home Care bills third-party payors after the services are performed or after it has completed its portion of the contract. Receivables are due in full when billed and revenue is recognized as performance obligations are satisfied. Performance obligations are determined based on the nature of the services provided by Home Care in accordance with the contract. Revenue for performance obligations satisfied over time is recognized as the services are provided. This method depicts the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation. Home Care measures the performance obligation from the beginning of the next month or day to the point when it is no longer required to provide services under the contract or has met the requirements to bill for the services provided, which is generally at the end of each month or period of time allowed based on the stipulations.

All performance obligations relate to contracts with a duration of less than one year, therefore, there are no performance obligations or contract balances that are unsatisfied as of June 30, 2025 and 2024. The performance obligations for these contracts are completed when the service is completed and upon submission of required documentation. Home Care determines the transaction price based on established rates or contracts for services provided.

- J. **Client fees** - Fees are recognized during the period the related services are provided.
- K. **Contributions** - Unconditional contributions, including promises to give cash and other assets, are reported at fair value at the date the contribution is received. The gifts are reported as donor restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.
- L. **Noncash contributions in-kind** - Noncash contributions are recognized in the financial statements if the services enhance or create nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased, if not provided by donation. Home Care did not receive any noncash contributions in either of the years ended June 30, 2025 and 2024.
- M. **Leases** - Home Care reports leases in accordance with ASU No. 2016-02, *Leases* (Topic 842). This standard requires the recognition of lease assets and lease liabilities on the statements of financial position and the disclosure of key information about leasing arrangements. The recognition, presentation, and measurement of lease related items in the financial statements will depend on whether the lease is classified as a finance or operating lease.
- N. **Functional allocation of expenses** - The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

The accompanying financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy and insurance which are allocated on a square footage basis, as well as salaries and wages, benefits and payroll taxes which are allocated on the basis of estimates of time and effort spent. Consultants, computer services, supplies, and all other expenses are allocated on the basis of full time equivalent.

- O. **Use of estimates** - The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements. Actual amounts could differ from those estimates.
- P. **Reclassification** - Certain reclassifications have been made to the prior year financial statements to conform to the current year presentation. These changes have had no effect on the net assets.

SUNNYSIDE HOME CARE PROJECT, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024

NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statements of financial position date, comprise the following:

	2025	2024
Cash and cash equivalents	\$ 4,092,888	\$ 1,647,623
Accounts receivable, net	5,896,099	8,290,369
Government grants receivable, net	210,739	210,739
Total financial assets	\$ 10,199,726	\$ 10,148,731

Home Care regularly monitors liquidity required to meet its operating needs while also striving to maximize the investment of its available funds. This is done by comparing, on a weekly basis, funds available to actual expenses to be paid. Home Care also strives to collect receivables on a timely basis from all types of debtors.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, Home Care considers all expenditures related to its ongoing activities of its programs as well as the conduct of services undertaken to support those activities to be general expenditures. Donor restricted funds for various programs are considered available for the general expenditures to conduct those programs.

NOTE 6 – LEASES

Home Care subleases its office located in Queens, New York from Sunnyside under an operating lease which expires on June 30, 2028. The lease provides for payments of real estate taxes and utilities in addition to minimum rent. In the event that governmental funding is terminated, Home Care may cancel the subleases upon giving one month’s notice to Sunnyside.

NOTE 7 – COMMITMENTS AND CONTINGENCIES

A. *HRA Recovery*

The City of New York HRA exercises control over the use of its funds and limits their use to the HRA program. HRA conducted a close-out for the fiscal years ended June 30, 2009, 2010 and 2011 and determined that Home Care owed a refund of \$4,893,673. Such refund was fully paid by Home Care as of June 30, 2015. Home Care has not recorded a liability for fiscal years 2012 through 2017 as the amounts are undeterminable until HRA completes a close-out audit for each fiscal year.

Effective April 1, 2017, under the new contract with HRA, HRA does not exercise control over the use of its funds. All monies not spent during the grant period will be retained by Home Care as additional net assets under the contract.

B. *Third-Party Contingencies*

Home Care is responsible to report to various third parties, among which are the New York State Department of Health (“DOH”), the New York State Office of Attorney General (“AG”), the Internal Revenue Service (“IRS”), the New York State Department of Charities Registration, the Office of Inspector General, and the Office of Medicaid Inspector General (“OMIG”). These and other agencies, including HRA and the New York City Department for the Aging (“DFTA”), have the right to audit fiscal as well as programmatic compliance, i.e., clinical documentation and physician certifications, among other compliance requirements.

**SUNNYSIDE HOME CARE PROJECT, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2025 AND 2024**

NOTE 7 – COMMITMENTS AND CONTINGENCIES (Continued)

DOH increased the Medicaid rates to provide funding for recruitment, training and retention of home health aides and/or other personnel with direct patient care responsibility. Home Care and Citywide are required to provide attestations certifying that these funds, if applicable, were paid to home health aides and other personnel with direct patient care responsibilities.

NOTE 9 – PENSION PLANS

Nonunion Pension Plan

Home Care maintains a 403(b) pension plan that covers all full-time employees not covered by a collective bargaining agreement. On an annual basis, the Board determines a discretionary contribution for employees who are at least 21 years of age and have completed two years of service. Home Care’s contributions amounted to \$34,301 and \$37,789 for the years ended June 30, 2025 and 2024, respectively.

Union Pension Plan

All union employees of Home Care participate in a multiemployer defined benefit pension plan administered by the union. Union pension expense for the years ended June 30, 2025 and 2024 was \$524,216 and \$517,551, respectively. Home Care did not contribute more than 5% of total contributions to those plans.

The risks of participating in these multiemployer defined benefit pension plans are different from single employer plans because: (a) assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers, (b) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be required to be borne by the remaining participating employers, and (c) if Home Care chooses to stop participating in one of its multiemployer plans, it may be required to pay a withdrawal liability to the plan.
